WHY UPGRADE?

Private lessons are important - but students often grow the most when they also have chances to learn with others, explore new skills, perform, create, and stay connected to music between lessons. PLUS and PRO memberships are designed to give your child those extra opportunities.

READY TO GIVE YOUR STUDENT MORE?

Ask us today to upgrade to PLUS or PRO.

It's an easy way to add more learning, more creativity, and more performance opportunities to your child's music journey.
